

# SLU002

TECHNICAL DATA SHEET

11mil 2-Sided Blockout Matte Polypropylene

## Description:

SLU002 is a double-sided bright white matte top coated with block out to produce colorful 2-sided printing. The perfect solution for trade show displays, posters, double sided window graphics, and snap-in sign stands requiring two-way traffic. SLU002's block out layer gives your graphic image "POP" with no wash-out from light penetrating your print. The extremely scratch resistant top coat allows the user to skip the lamination process increasing production time and lower cost. Economical, Tear resistant, Durable and 100% opaque. No Lamination Required. Ink Compatibility: Eco-Solvent / Latex / UV
